MCA student with hands-on experience in software development, AI/ML, data analytics, and cloud computing. Proficient in Python, Java, .NET, Angular, Node.js, SQL, Power BI, and AWS, with experience building web applications, machine learning models, and cloud solutions. Passionate about developing scalable software and solving real-world problems.

EDUCATION:

Master of Computer Applications – CMR University | CGPA: 8.79 (2024-2026)

Bachelor of Computer Applications – D.V.S College of Arts & Science | CGPA: 8.63 (2021–2024)

PUC – PPC College Admar | 72% (2019–2021)

SSLC – Amirta Vidyalayam | 72.96% (2018–2019)

TECHNICAL SKILLS:

Programming – Angular, .NET, Python, Java, C, C++, Node.js

Web Development – Django, HTML, CSS, JavaScript, Spring Boot

Cloud & DevOps – AWS, Azure, Jenkins, Git, Linux, Docker, CI/CD Pipelines, Kubernetes

AI / ML – Large Language Models, TensorFlow, Scikit-learn, OpenCV, Pandas, NumPy

Data Analytics – Power BI (DAX, Power Query, Dashboards), Matplotlib, Microsoft Excel

Database – MySQL, MongoDB, SQLite

Tools – VS Code, Eclipse, NetBeans, Jupyter Notebook, GitHub, Google Colab, Git

SOFT SKILLS : Time Management, Communication, Team Collaboration, Adaptability.

INTERNSHIP EXPERIENCE:

Web Development Intern – Digisnare Technologies LLP

Assisted in developing and maintaining responsive web applications while gaining experience with professional development workflows.

Web Development Intern – Innovant IT Solutions, Shimoga

Developed and optimized a web application using PHP, MySQL, HTML, and CSS, improving backend functionality and user experience.

Java Full Stack Intern – KodNest (Remote)

Developed backend modules and REST APIs using Spring Boot, MySQL, and Git as part of a Java Full Stack application.

PROJECTS:

Spam Email Classifier – Built a machine learning model using Python and Scikit-learn, achieving 96% accuracy.

Hand Gesture Drawing App – Developed a virtual drawing application using OpenCV and MediaPipe hand-tracking.

Food Ordering Web Application – Built a Flask-MySQL application with menu browsing, cart management, and order placement features.

Medicine Chatbot – Developed a rule-based NLP chatbot to answer medicine-related queries.

Virtual Calculator – Created a Tkinter-based desktop calculator supporting standard arithmetic operations.

Invoice Automation – Developed a Django-based invoice management system for automated billing and record maintenance.

CERTIFICATION COURSES:

Artificial Intelligence – INFOSYS

Data Science And Analytics – HP

Power BI – Simplilearn

AWS EC2 – AWS SKILL BUILDER

Python – GUVI

JavaScript – GUVI

Java – GUVI

LANGUAGES – Kannada, English, Telugu, Hindi, Tamil, Malayalam
